PROFILE

Executive Technical Program Manager with an MSCS, MBA, PMP, and 20+ years leading high-stakes, cross-functional programs at Google, YouTube, PlayStation, and global enterprise engagements. Proven track record building PMOs from the ground up, integrating legacy systems into CRM, ERP, and cloud platforms, and partnering with GTM, Sales, Product, and Engineering leaders to turn ambiguous, high-stakes initiatives into measurable business outcomes. Recent focus includes AI and agentic program governance, having led the accessibility program for Chrome's agentic AI Ask Gemini feature to 3B+ users and piloted an in-house agentic AI proof of concept. Trusted to advise C-suite and SVP stakeholders, manage global teams and budgets up to \$50M+, and translate complex technical and business trade-offs into decisions executives can act on.

CORE COMPETENCIES

- **Technical Program & Portfolio Management:** enterprise PMO build-out, program governance, budget and portfolio management (\$50M+), risk and dependency management
- **AI & Agentic Program Governance:** agent orchestration, Responsible AI, evaluation frameworks for non-deterministic systems, AI-enabled workflows
- **Enterprise Transformation & Systems Integration:** legacy-to-CRM-to-ERP integration (Salesforce, Informatica, Softrif), vendor and System Integrator management, process optimization (75% friction reduction)
- **Cross-Functional Leadership:** GTM, Sales, Product, and Engineering partnership, executive stakeholder management, matrixed influence without formal authority
- **Methodologies & Tools:** Agile, SAFe, Waterfall and hybrid methodologies, Salesforce, Business Objects, MS Project, Smartsheets, Gemini and AI tooling

EXPERIENCE

GOOGLE *Sep 2019 - Apr 2026*

Leader, Core Accessibility (a11y) Programs & Services | Jul 2022 - Apr 2026

- **AI Leadership:** managed the accessibility user journey for the Ask Gemini button in the Chrome browser project, prioritized remediation risks, and launched on time to 3B+ users
- **AI Innovation:** piloted a Chrome agentic AI proof of concept for voice-navigated website interaction, using agent orchestration to solve complex navigation challenges
- **Transformation Leadership:** redesigned reactive workflows into a planned, value-anchored strategy, delivering a 7x increase in organizational output
- **Operational Excellence:** architected a global resourcing and nearshoring model that cut operational overhead 60% while increasing throughput 38%
- **Executive Influence:** represented Google on the Workday Accessibility Board and at global conferences, shaping industry adoption of accessibility best practices

Sr. Program Manager, Tools Development & Automation (gTech) | Jun 2020 - Jul 2022

- **Cross-Functional Partnership:** partnered with the sales organization to align tool governance and reporting with revenue-facing priorities, alongside an impact-measurement framework spanning 31 internal tools
- **Program Leadership:** deployed Program Anchor, impacting 1,208 users through five coordinated releases in under 30 days
- **Systems Transformation:** streamlined tool governance processes, reducing administrative friction by 75% and achieving 100% project approval rigor for the first time in the org

Trust & Safety Sr. Program Manager (YouTube) | Sep 2019 - Jun 2020

- **GTM Partnership:** partnered with GTM, Communications, and Trust and Safety teams to launch platform-wide content policies, aligning stakeholders on rollout sequencing and messaging
- **Portfolio Oversight:** directed a global portfolio of 120+ products, ensuring zero abuse incidents during high-stakes launches through rigorous risk mitigation and governance
- **Strategic Execution:** accelerated a policy launch timeline by 2 months by decoupling child safety components, ensuring flawless cross-functional execution

BACKROADS *Oct 2017 - Sep 2019*

Head of Program Management Office (engaged via Future State, converted to direct employee in the final months)

- **Systems Integration Leadership:** led the end-to-end integration of legacy systems into Salesforce CRM, Informatica, and ERP (Softrif), establishing Backroads' first unified data and process architecture
- **Zero-to-One PMO Architecture:** established the enterprise PMO from the ground up, implementing best practices that enabled the IT organization to scale to meet surging global demand
- **Financial & Partnership Leadership:** negotiated and managed vendor relationships and multi-million dollar budgets to deliver the Salesforce and ERP implementations on time

EXPERIENCE (cont.)

PLAYSTATION (SONY) *Apr 2016 - Sep 2017*

Sr. Manager, Program Management (PS Vue)

- **GTM-Driven Launch:** led the launch of PlayStation Vue on 7 additional platforms, bringing the service to 9 platforms total within one year, aligning Engineering, Product, and GTM/content partnership teams (HBO, NFL RedZone)
- **Platform Integration:** integrated software platforms with infrastructure common across all 9 platforms, reducing platform-specific rework
- **Community Leadership:** founded Círculo, Sony/PlayStation's Latino employee resource group, securing executive sponsorship and funding for org-wide culture initiatives

MACY'S *Aug 2014 - Mar 2016*

Senior Project Management Consultant (via cPrime)

- **Omnichannel Systems Integration:** integrated brick-and-mortar retail architecture with digital and online architecture to unify pricing and product attribute data across channels
- **Consulting Delivery:** launched a pricing initiative saving over \$800K through consistent store and online pricing in the same systems, delivered on time

WESTERN UNION *Jul 2013 - Jul 2014*

Director of Program Management, Digital Division

- **Front-End & Architecture Integration:** integrated a new front end and architecture into the existing digital environment as part of a global Agile transformation
- **Operational Transformation:** the transformation increased release frequency by 320% for digital products, with regular portfolio updates provided to the head of the division

GLOBANT *May 2012 - Mar 2013*

Director of Program Management

- **Enterprise Consulting Delivery:** led professional-services delivery for top enterprise accounts (JPMorgan Chase, Salesforce.com, Zynga) across mobile, gaming, intranet, big data, creative, and social media engagements delivered by Agile teams in Argentina
- **Financial Ownership:** owned P&L of \$11.8M and a \$6M budget, managed 58 reports, and improved CMMI process-compliance attainment from 65% to 100%

Additional experience: Autodesk (Sr. Manager, IT Service Delivery), Wells Fargo Bank (Project Management Manager), Genentech (Sr. IT Project Manager / Business Analyst), XUMA, and Hewlett-Packard/VeriFone available upon request.

EDUCATION & CERTIFICATIONS

MBA: Universidad Austral, Buenos Aires, Argentina | MSCS: Universidad C.A.E.C.E., Buenos Aires, Argentina
